

Valuation Reports Template

1. *IBSSP Rating is designed to reflect the economic performance of these companies.
 - based on predefined criteria; incorporating quantitative and/or qualitative factors.
2. Intrinsic value (*IV) is considered the theoretically correct value of a company.
3. Time Factor is measuring the interval between cycles of investment materialization.
 - we expect the stock price to reach its intrinsic value within the *Cycle (in months).
4. Nominal rate of return (*Nror) shows if a company is overvalued or undervalued.
5. **After purchase we will get back to you in 1 to 3 working days with:**
 - IBSSP Rating, Intrinsic Value, Time Factor.
 - Tickers, Stock Exchange, stock price, Nror.
