

Consulting Reports Template

1. Our objective is to organize complex economic information and financial data into relevant, decision-ready perspectives through a unified principles-based system.

2. Depending on your fundamental objective, we can provide specific data for specific needs; this service is designed for both Mutual or Hedge funds, and others.

3. We cover over 5000 companies from around the world. Offering a variety of metrics that you can pick through a straightforward selection process.

This service is structured in two categories:

- Primary

1. IBSSP Rating is designed to reflect the economic performance of these companies.
 - based on predefined criteria; incorporating quantitative and/or qualitative factors.
2. Intrinsic value (*IV) is considered the theoretically correct value of a company.
3. Time Factor is measuring the interval between cycles of investment materialization.
 - we expect the stock price to reach its intrinsic value within the *Cycle (in months).

- Secondary

1. Risk & Value:
 - MoS - margin of safety (downside-risk buffer)
 - MoV - margin of value (pricing gap indicator)
2. Other:
 - Beta, Currency, Sector, Country, etc.

note: IBSSP is fully customizable, and ready to adjust for specific needs.
